Champions choose White Oak

Konrad Powers

August 1, 2011: In a storm-shortened President’s Rifle Trophy Match, 41-year-old Konrad Powers of Carol Stream, IL topped the field with an aggregate score of 295-8X.

Konrad focuses on his mental game in every match, not his equipment. As he often says, “mental focus, not equipment hocus-pocus.” He concentrates only on shooting each shot because Konrad relies on White Oak to provide a precisely built Service Rifle upper to match his shooting skill.

“White Oak Precision, the best service rifle uppers money can buy.”

Dear National Championship Competitor,

On behalf of the National Rifle Association, our volunteers and sponsors, it gives me great pleasure to welcome you to the 2012 NRA National Rifle and Pistol Championships, part of the combined National Matches. Summer is a beautiful time of year in Ohio, and Camp Perry will serve as the perfect venue, yet again, for another successful National Match season. Many changes have taken place over the last few years and improvements will continue to take place on and off the ranges at Camp Perry.

2012 will see the addition of F-Class categories during the High Power Rifle Long Range Championship, as well as the America Match being shot by competitors from around the globe. The Pistol championship will see the introduction of a new team match fired during the preliminary phase.

The National Rifle Association has worked very hard to secure new award sponsors for our Camp Perry Championships. Please take the time to thank them for their generosity and support.

NRA, CMP and the Ohio National Guard are all very interested in your feedback on the operations at Camp Perry. In your competitor packet you will find a survey sheet for your comments. Please fill these out so we can best see how to improve the National Matches.

One final note, please review the NRA and CMP rulebooks and the National Match programs so that you know and understand the rules and your responsibilities as a competitor at the National Championships. Whether you’re a competitor, spectator, sponsor or just a supporter of great shooting competition, we trust that each of you will enjoy your time in Port Clinton and make it a point to visit again soon. Thank you for your support of the 2012 NRA National Rifle and Pistol Championships. Good luck and good shooting!

Sincerely,

Dennis Willing
National Matches Coordinator and Director of the NRA Competitive Shooting Division

NRA Junior Pistol Shooting Camp
NRA is conducting a Junior Pistol Shooting Camp during the National Matches. The camp will be held July 10-15. Juniors participating will be introduced to a positive approach to competitive pistol shooter development. The camp is designed to increase the shooter's ability to progress from the beginning/intermediate level to more advanced shooting levels while developing competitive shooting skills. The program is designed to provide the path, which starts at the Qualification Program, to all levels of competition shooting if that is the route the shooter desires. In the camp, shooters will learn using hands-on skills, the history of marksmanship, the development of the sport, use of the rule book, equipment selection, fundamentals of pistol shooting, position development, mental training, and tournament operations. Climaxing the program, camp participants will take part in a final Junior Pistol Shooting Camp NRA Sanctioned Tournament, where they can demonstrate their newly learned skills. Participation is limited to 50 students. The camp registration fee is $200. ($225 after June 12, 2012) For more information, please contact: NRA Education and Training Division, Training Department, 11250 Waples Mill Road, Fairfax, VA 22030, (703) 267-1411.

NRA Shooting Coach Certification Schools
The NRA Shooting Coach Education Program will conduct two coach schools at Camp Perry. An NRA Pistol Shooting Coach School will be held July 11-13 and an NRA Smallbore Rifle Shooting Coach School will be conducted on July 18-20. The NRA Shooting Coach Schools provide hands-on training and active learning activities to enable you to learn and develop sport specific coaching skills. You will learn coaching methods, rules of the sport, selection and use of shooting equipment, correction of shooting errors, and how to organize shooting programs. NRA Shooting Coach Schools are open to coach candidates for a fee of $100.00 for the Pistol Coach School and $150 for the Advanced Rifle Coach School, which includes all materials and instruction. NRA Coach Schools at Camp Perry are limited to 25 coach candidates on a first-come, first-served basis. Courses are conducted in the evening from 5 p.m. until approximately 10 p.m.. To learn more about the NRA Shooting Coach Education Program, write to the NRA Coach Trainer, Education and Training Division, 11250 Waples Mill Road, Fairfax, VA 22030, or call (703) 267-1589.

Safety

General
Safety in the use of firearms and in other activities is the concern of all who participate in the National Matches, whether competitors, dependants, team officials, volunteers, or Match Staff. In order to maintain the outstanding safety record at Camp Perry, safety rules must be observed. Violation of the following rules may result in disqualification and/or expulsion from Camp Perry with no refund of fees:
1. When operating a motor vehicle on Camp Perry, observe all posted speed limits, parking restrictions, and road signs.
2. Because of fire hazards in the competitor housing area, the following actions are prohibited:
   - Smoking in bed and cooking of any kind.
3. The following actions involving firearms safety are prohibited:
   - Loading and/or firing of any firearm before the command “Load” has been given.
   - Carrying or possession of an uncased firearm with the action closed, except when actually on the firing line at an assigned firing point, or in an authorized dry firing area.
   - Having a loaded firearm within the limits of Camp Perry except when on an assigned firing point after the command “Load” has been given. (A loaded firearm is defined as having a round or rounds in a chamber, cylinder, or on a loading ramp; or having a magazine or clip containing one or more rounds partially or fully inserted in the firearm.)
   - Leaving a magazine or clip in a firearm or having the action closed after the firing line has been cleared.
   - Handling a firearm in any way on the firing line while anyone is forward of the firing line.
   - Any other unsafe act involving a firearm.
4. The use of eye and ear protection is required under the range rules of the Ohio National Guard.
5. Empty Chamber Indicators (ECI)-formally known as Open Bolt Indicators (OBI)-are required for the Pistol, Smallbore and High Power Rifle Phases.

Dry Firing
These rules apply to all dry firing during the National Matches:
1. Dry firing is permitted during the time that a competitor is actually on the firing line and is preparing to fire in accordance with Rule 10.3.1.
2. Dry firing areas will be set up on Petrarca Range during the High Power Rifle Phase.
3. No dry firing is permitted in any area of Camp Perry other than stated above.
4. No ammunition is to be in the possession of competitors when they are dry firing except as in paragraph (1) above.
5. When dry firing, all competitors must open rifle actions and observe all other range safety precautions when other persons approach their line of sight.
6. Any dry firing must be done from the same firing line. Dry firing during High Power must be done from the covered firing points at 300 yards, or from the 200 yard line, not both at the same time.

Clothing
Since safety is always of prime concern in the conduct of shooting events, it is strongly recommended that articles of clothing be worn that will ensure the comfort and safety of all competitors and range personnel.

Alcoholic Beverages or Narcotic Substances
Consumption of any alcoholic beverage or narcotic substance which can alter the normal mental or physical function of the body, either on the range or in the spectator or public areas north of Lawrence Road while the ranges are in use, is prohibited. The use of any narcotic substances ANYWHERE on Camp Perry is prohibited. Disorderly conduct or intoxication is not permitted on the range or on any contiguous range property. A person who violates this regulation will be subject to immediate disqualification and expulsion from the National Matches with no return of entry fees.

Proud to support the NRA COMPETITIVE SHOOTING DIVISION

Bullets travel from breech to muzzle

So should your cleaning system.

The days of ramming conventional brass rods down the bore of your gun are over. Exclusive Breech-to-Muzzle technology from Otis gives competition shooters a better way to clean their rifles, pistols and shotguns. Pull fouling out of the gun rather than pushing it in.

It’s quick. It’s simple. It’s Smart Gun Care.

NEW!
