

***** 2014 *****
Vermont Winter Postal League

4 Position Indoor Smallbore

To consist of 10 matches, 9 of which will be fired on your home range and the scores e-mailed in to the league director and the final match to be fired shoulder to shoulder at the Plattsburgh Rod and Gun Club range.

Special arrangements will be made for clubs who join the league from a distance that would make it impractical to travel for match 10.

The course of fire will be 10 shots per stage, prone, sitting, kneeling and standing at 50 ft. on the A17 target. NRA smallbore rules will apply. Any sights (irons or scope)

Air Rifle, due to the difficulty some shooters are having obtaining .22 ammunition a shooter may elect to fire the 4-P match with a .177 air rifle, however, you may fire the match at 50' on the A-17 target or at 33' on the AR-5/10 target.

Prone Division

For shooters that would like a little extra challenge each week, or no longer have the time or energy to shoot all four positions we will have a separate Prone Division. The course of fire will be 40 shots prone fired on the USA-50 targets. Please be sure to include the number of "10"s fired for tiebreaking, **(Competitors can shoot both 4-P and Prone)**

Open to teams/clubs and individuals

1st week's scores are to be submitted by 1/26/14 and then weekly thereafter.

Handicapped / Physically challenged shooters are welcome

Match 10 will be fired on April 5 & 6 at the Plattsburgh Rod and Gun Club. Contact Peter Visconti at VTWinterPostalLeague@Yahoo.com (518-298-7776) to lock in a firing point for a great way to end the season.

Team captains and individual competitors will submit scores on or before the Sunday of each week.

Team Match

The top 4 individual shooters on each team will count as the clubs team score.

If you have a prone shooter on your team that individual's prone score can be counted towards the team score with no deduction since they are firing on the more difficult USA-50 Targets. If a shooter fires both 4-P and Prone in any week the 4-P score from that week, must count toward his teams score. (He/she cannot take the best of two scores)

Match results will be reported to team captains/contacts and individual unaffiliated competitors weekly.

Individual Award Schedule (a little something to increase interest)

Cash prizes for individuals from the 4-P Division & Prone Division will be awarded based on the scores from Match 7 and 10 (the princely sum of \$5.00 per match).

To be eligible for final end of the season ranking a shooter must fire in a minimum of 50% of the league matches.

4-P Winners will be chosen from each group of 3 shooters who will be ranked into mini-match groups according to their weekly aggregate averages. If, after dividing the shooter list by 3, if only 1 competitor is left, that person will be merged with the next mini-group. Ties will be broken by position (Standing then Kneeling then Sitting, and then Prone Score).

Prone Winers, will be chosen from each group of 6 shooters who will be ranked into mini-match groups according to their weekly aggregate averages. If, after dividing the shooter list by 6, if only 3 competitors or less are left in a bracket, those shooters will be merged with the next mini-group. Ties will be broken by the number of tens.

The winner of the team championship (highest total aggregate for the 10 matches) will receive \$ 5.00 per shooter (\$20.00) **and custody of the Team Championship Plaque for one year.**

Fees	Teams/Clubs	\$5.00 for each firing team member
	Individuals	\$5.00

Competitors can fire in both the 4-P and Prone matches at no additional cost.

Mail entries to:

**Peter C. Visconti
