

## VT Winter Postal League 2014 Week 5 Results

Welcome to Week Five of this Year's Vermont Winter Postal League. We had a very close race between the top three teams this week. **Congratulations to Whitehall; our Week 5 Champions.** They out-shot Plattsburgh by just one point (1579-1578), to take first place. Whitehall was led by Pete Steffan who Shot a 399, he was the league's top shooter this week. Plattsburgh Shot a club record, led by Peter Visconti(397) and Paul Deslierres (397). But Plattsburgh was one point shy of first and just one point ahead of Albion (1577) for, their first, second place finish. Albion was led by Joe Shrader, (398) who had the second highest league score this week. Quaker Hill found themselves in fourth place this week for the first time, just ahead of Jamestown. Quaker Hill was led by Eric Sloan, who shot a season high 397, the third highest score this week. For the fun of it I have figured out the Win-Loss record for each team, however standings are based on total points.

Once again, our Division Leaders remain the same with Whitehall in the East and Albion in the West. In All-Star Action, the East outshot the West this week 1590 to 1580. So at this point it is East 4 West 1 (East 7927-West 7908).

The league average is a 363.24 for our 86 4-P shooters, and a 302.59 for our 27 prone shooters. We have had two individuals clean Standing, and our top score so far is a 399, fired by Pete Steffan of Whitehall. Another way of looking at how stiff the competition this year, among our top shooters; 15 shooters fired a 395 or better this week, last year's top average. The season's highest prone score was a 397 fired by three individuals. Paul Deslierres, of Plattsburgh, had the top prone score this week with a 397. The league's Top average this year belongs to Joe Shrader with a 396.40. There is just 1.40 points separating 1-6<sup>th</sup> place.

We still have a few ties in the league average section; they have been broken based standing average. Your three person group, (in your league average section), will be finalized after week 6 for our week 7 match.

With regard to match 7, I am asking that all prone shooters report number of 10's and center shots for match 7. The tie breaker for the 4-P section will of course be standing, Kneeling, Sitting then prone. If we still have a tie after that, the individual with the higher average will be declared the winner of their bracket.

I ask once again to try and get your scores to me as soon as possible to give me additional lead time in entering the figures and getting out the results. In addition if you can total up your team score it will save me an additional step. Week 6 results should be out by Monday night.

Please check out the league's Facebook page and be sure to "like" us and feel free to submit some photos. You will also find league standings and results on that page.

I hope you all have a great week, and look forward to seeing your scores.

Peter Visconti, League Director
